

Red Zin

Produced from grapes grown in Northern California's Mendocino County where vineyards were first planted in the early 1860's. Here, the headwaters of the Russian River carve a fertile, rugged landscape. The climate is ideal for growing Zinfandel.

This medium-bodied wine is complex with flavors of black fruit, raspberry and plums mixed with notes of pepper, spice and minerals, leading into a soft and lingering finish. Serve with grilled chicken, steak or lamb and peppery pasta.
