

"After the warmer, riper '03 and '04, it was nice to get back to the classic balance and structure of this '05. The aromas show minerals and citrus along with hints of comice pear and vanilla. We used a lot of new oak, but the oak stands in the back and doesn't interfere. The alcohol is balanced nicely at 13.8%. This wine takes a little longer to open up than the more forward '03 and '04 and will benefit nicely from some bottle age. 1349 cases were made."
